NON-COMPLIANT APPEAL BRIEF**

Commissioner for Patents
PO Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

This is in response to the Notification of Non-Compliant Appeal Brief mailed April 25, 2008. According to the Notification, Section IV - Status of Amendments in Applicant's Appeal Brief was incorrect because it stated that an amendment had been filed subsequent to the final rejection, but that no amendment had been entered. The Notification further stated that the entire brief need not be resubmitted, but only the defective section.

On May 19, 2008, the undersigned spoke to Examiner To by telephone to discuss this Notification. The undersigned explained that the Appeal Brief was accompanied by an amendment to correct minor errors in the drawings and therefore, an amendment had been filed subsequent to the final rejection. Examiner To acknowledged that an amendment to correct the drawings had been filed with the Appeal Brief. However, Examiner To stated that because the amendment did not amend any of the claims the Appeal Brief should state that no amendment had been filed subsequent to the final

Applicant submits that this response fully addresses the Notification of Non-Compliant Appeal Brief mailed April 25, 2008.
